

Thank you for participating.

We use the ZOOM software for video calling.

Via your smartphone or tablet:

In addition to the Curavista Health app, please download the ZOOM app.

Via your computer

Please log in, and choose your module and the video consult function.

ZOOM starts automatically.

- Tip 1: Is the sound and camera of your computer turned on?
- Tip 2: Have you agreed on a timeslot with your health provider for the video call?
- Tip 3: The screens of the smartphone are very similar to those of the computer. So you can “peek”

0

- Download the Spirogram app if you are blowing your lung function at home.
 - In all other cases, download the Curavista Health app.
- You can safely communicate with your practitioner via this app.

1

Download the ZOOM app in the Google Play Store or Apple App Store.

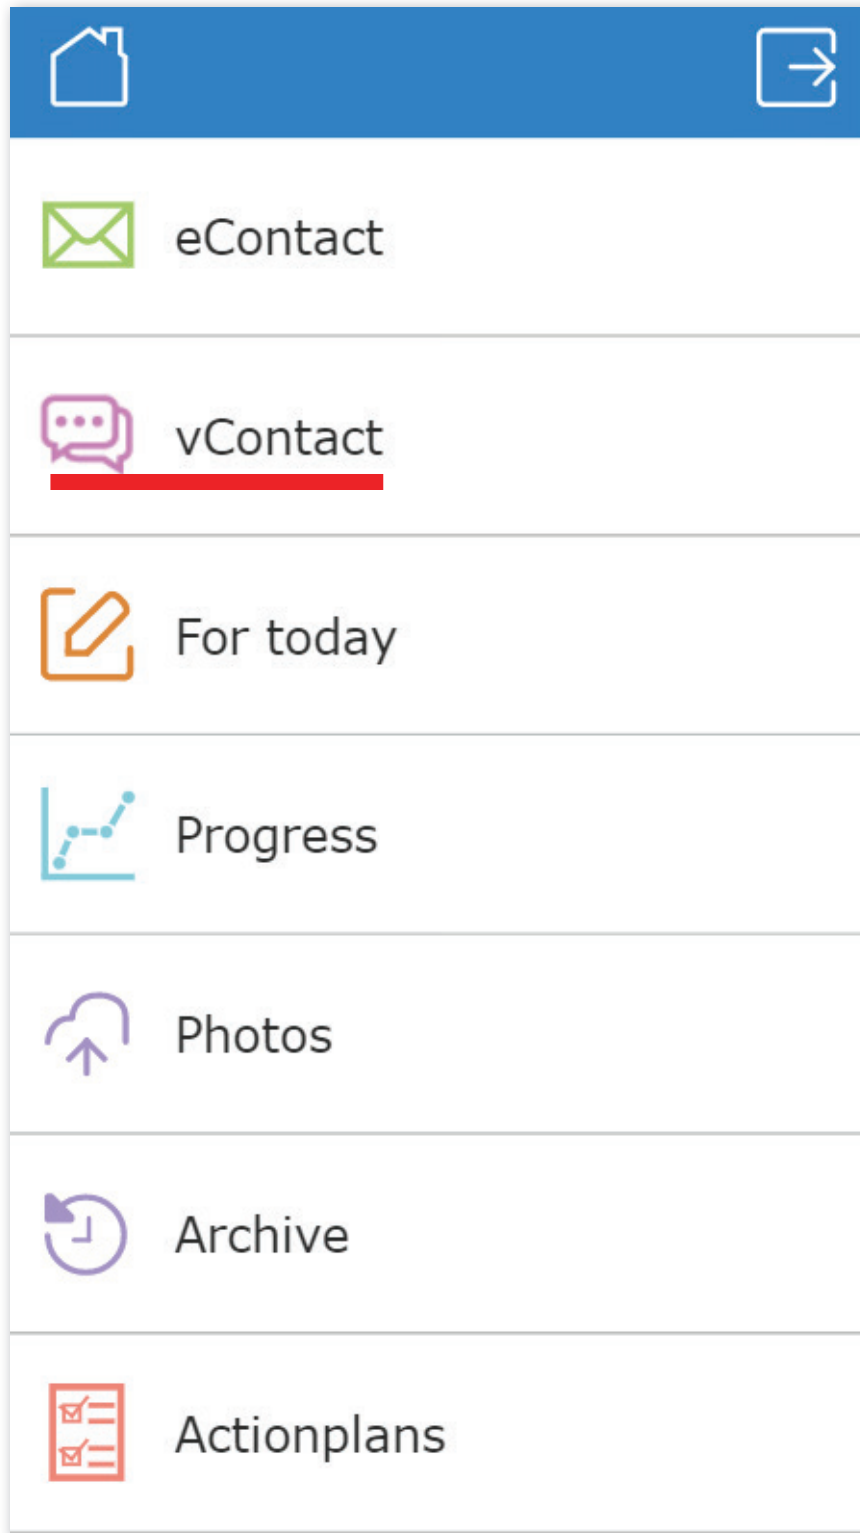

2

When the app installation is complete, the app appears.

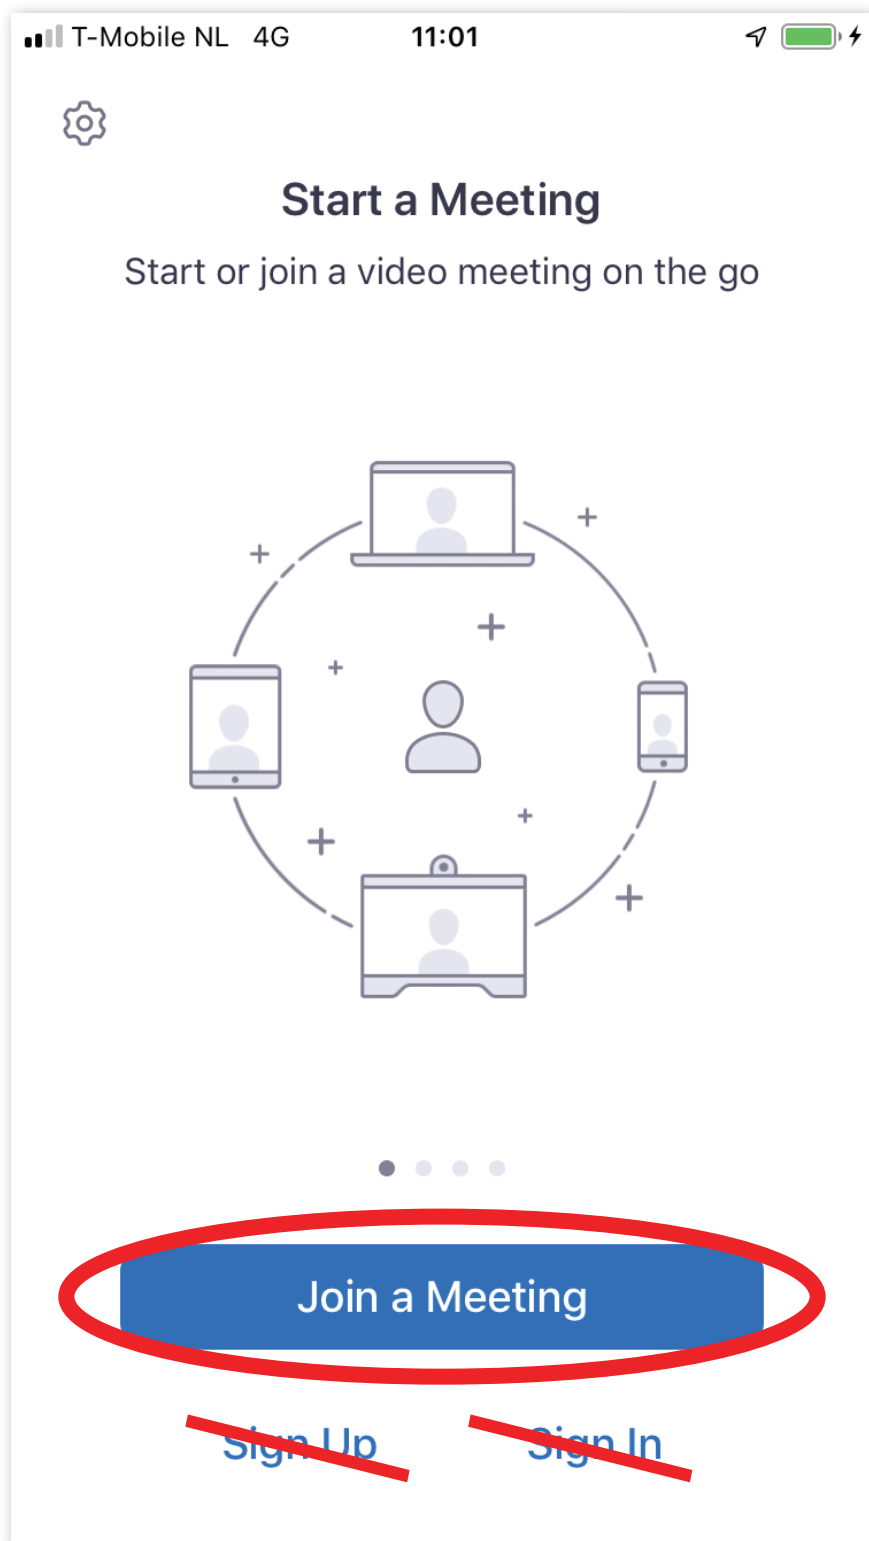

3

Log in to the Curavista Health app. Arrange a time with the healthcare provider for the video consultation via eContact. Click on “vContact” at the agreed time.

4

This screen will appear.
Click on "Join a Meeting"

You do not have to sign up for a ZOOM account.
If you log in via the Curavista Health app or Spirogram,
ZOOM will work without obtaining your personal information.

5

Enter your initials under “Please enter your name”.
Then click on “Continue”

6

ZOOM requests access to the microphone and camera, and to send messages.

Click on "OK" or "Allow" for all three.

7

If you see this screen, the care provider is not there yet.
Please wait.

8

You're in the picture!

9

The practitioner is also in the picture.

10

Swipe the screen down to see additional buttons and options.

This button allows you to turn the microphone on / off. (The microphone is now on)

You can turn the camera on / off with this button. (The camera is now on)

11

End meeting.

12

Click on "Leave Meeting" to exit.
